Aristophanes

Directed by Professors Barbara Karger and Michael Preston ❸

A war that never seems to end--the women at home are tired of living in fear for their loved ones. The political leaders of all the parties have no desire for peace. Is this America or Ancient Greece? In Aristophanes's bawdy anti-war satire the battle of the sexes shows which half of the population has the guts to bring the warmongers to their knees. This wild comedy is staged with a great student cast.
